Horizons is a transformational community-centered approach proven to close the achievement gap for children and put them on a path to success in school and life. Anchored by a six-week summer program, we are committed to the development of the whole child through experiences that enhance self-esteem, foster awareness of community responsibility, build problem-solving skills, and encourage a life-long interest in learning. Horizons emphasizes a commitment to social responsibility, community service, and diversity.

Horizons has a Halloween party on 10/27/2019 and a Holiday party on 12/21/2019.

They would greatly appreciate any support members would provide for the Halloween event including baked goods, Halloween games and treats, or gift cards that could defray expenses.

For the Holiday party they would greatly appreciate any baked goods, and support of their annual giving tree where all students receive a holiday gift and clothing item, or gift cards that could defray expenses.

VOLUNTEERS

Hands-on volunteers are welcome for both parties. They have a strong volunteer corps of high school students if anyone has a son or daughter that is interested in volunteering, there are many opportunities.

SPONSORSHIP OPPORTUNITIES

IN KIND

Horizons is always looking for partners in their community. They have found that when others make connections for field trips, internships, tutoring, mentoring, they grow their community network for the benefit of the children.

SPECIFIC ITEMS

- swimsuits, goggles, towels
- advanced calculators
- school supplies
- gift cards
