

Saint Mark's Center for Community Renewal (CCR) Wish List 2019

FINALIST 2019

We aspire to improve the health and well-being of our expanding community by serving each individual's needs so that they feel genuinely cared for and welcome. We are committed to serving through an integrated model of reducing food insecurities, supporting the various needs of our guests, advocating and connecting our guests to the support community around them and providing educational opportunities that will enhance their daily life and well-being. We provide a supportive and safe environment where anyone can volunteer to serve the community using their own individual skills and gifts.
