

Senior Citizens Activities Network Wish List 2019

FINALIST

SCAN's Mission is to enhance the quality of life for the 50+ active adults in Monmouth and Ocean Counties through socialization, education, technology and resources.

SCAN is a non-profit founded in 1988 that uses education and technology to create an environment where the aging population can continue to grow intellectually, as well as physically and emotionally, thereby allowing older adults to thrive – not just survive.
